

A Nationwide Recycling Solution

IT Asset Disposal, Data Erasure,
WEEE Waste, Print Consumables,
and Compliance.

THE GREENER SIDE
Seamless Sustainability

YOUR BENEFITS

Fully Compliant

Fully compliant with the WEEE Directive and Environmental Regulations.

ISO Accredited

ISO9001 and ISO14001 accredited ensuring the highest standards.

Complete Audit Trail

Receive all relevant paperwork including Waste Transfer Notes.

Efficient And Effective

Our process fits seamlessly into your existing operations without disruption.

Zero To Landfill

Everything you send us is always remanufactured, reused, or recycled.

Simple To Use

Receive your box, fill it, book a collection, and receive a replacement box. We do the rest.

A Complete Solution

For your toner cartridges, components, ITAD, and WEEE waste.

Data Protection

For ITAD items, we'll securely wipe and erase data in-house before items are recycled.

Nationwide Collections

Reliable and convenient collection service offered nationwide.

Small change. Big Impact.

By working together with The Greener Side, you're helping to reduce waste, protect the planet, and support a circular economy.

Take Complete Control Of Your Customers Waste.

Unlock the Potential of Your Clients Waste Streams.
Empower Your Customers With Data Insights and Convenience.

With ATOM and My Greener Side Web Portals.

WHAT IS ATOM?

ATOM helps you to provide a completely transparent waste audit trail via access to duty of care waste transfer notes and consignment reports, giving you comprehensive details of each individual waste item, including their treatment method. You'll be fully compliant with the WEEE Directive and Environmental Regulations.

Not only this, but ATOM has the power to provide you with real-time data into your customers waste streams and all items being returned via The Greener Side from any given location. Your clients could potentially be recycling hundreds of IT assets, WEEE items, print consumables, and more, from any location - giving you the knowledge needed to identify these sales opportunities and use them to generate revenue.

ATOM enables you to manage your customers profiles, download reports, track waste transfer notes, view consignment reports, and access sustainability metrics.

WHAT IS MY GREENER SIDE?

My Greener Side is a dedicated online portal that provides your customers with everything they need to manage, monitor, and understand their recycling, all in one place.

No Spreadsheets, No Paperwork, No Manual Record Keeping.

Provide your customers with complete visibility of their waste stream without the unnecessary admin, alongside the ability to access waste transfer notes, live recycling data, and environmental statistics.

Help your customers to report on environmental performance, prepare for an audit, and analyse their waste streams.

Everything you or your customers need, in one place. Documentation, data, collection alerts, waste journeys, reporting, compliance, and more.
